KY IPS During Covid Crisis

- During COVID-19 the IPS trainers have had weekly Zoom meetings with all sites to assist during this unprecedented time
- The state IPS team provides regularly scheduled virtual training events and technical assistance remotely
  - Trainings - “Facing the Challenge of Change” and “Documentation and Time Management” are two examples
- To help the IPS teams virtually, the state team developed “Tips for staying connected with clients during Covid-19” and “Job Development Tips during COVID -19”.
- The IPS team is conducting virtual technical assistance reviews to ready teams for virtual fidelity reviews
- Due to COVID-19 our annual conference was cancelled so we celebrated virtually with a slide show/video - KY IPS Oscars and we celebrated KY conference award recipients and the success of ten years of IPS in KY through pictures.
- The state team is in the process of planning a virtual quarterly employment specialist get together

ACT Team - “Super impressed with how pro-active they have been, even during COVID and working with clients on how to stay safe”

The OVR counselor is vital to IPS Supported Employment and employment specialists

- OVR Counselors are a vital part of the local IPS teams providing excellent guidance and counseling
- They participate in fidelity reviews and interviews
- OVR Counselors participate in steering committee meetings, allowing for OVR input at the local level - vital in the success of local IPS programs.
- The OVR counselor is skilled to identify and address other vocational needs beyond those being met by IPS, that work in conjunction with IPS and aide in the likelihood of success for the individual.
- In other words, KY OVR plays a vital role at all levels, International, National, State and local levels.
OVR- works with the DBH and pays for IPS services to the providers
In addition to being a partner and voice at the table during all meetings (OVR) contributes in other significant ways.

IPS Billing – The OVR office will authorize for these services to the IPS provider, and then the IPS provider will bill OVR when service/milestone is completed:

OVR provides funding through the use of the service fee memo, which includes payment for:
- Career Profile $450
- Job Development: $900
- 30-Day Successful Outcome: $1,000
- 60-Day Successful Outcome: $2,000
- 90-Day Successful Outcome: $2,000
- Additional SE services: $41 per hour
- Bonus Opportunities: $500 for Insurance Coverage and the employer pays 52% of the premium, and $1,000 for outcomes that meet the targeted wage of $11.83

The Kentucky IPS Toolkit has been developed to provide KY IPS providers access to resources that are frequently used. While the toolkit is not all inclusive, we hope the resources will be of use to you in this handy format. https://hdi.uky.edu/wp-content/uploads/2020/02/January-2020-IPS-Toolkit.pdf
